TOKEN AND MEDAL AUCTION #36 — PART I

Held in conjunction with the 8th Annual Delaware Valley Token and Medal Show, May 19-20, 1984. The Convention will take place at the Budget Motor Lodge, Route 73 and Fellowship Road in Mount Laurel, N.J. (At Exit 4 of the N.J. Turnpike and Exit 36-A of I-295 and adjacent to the Trailways Bus Terminal). The sale will start promptly at 7:00 p.m. on Saturday, May 19. Transportation from Philadelphia Airport is available via Rapid Rover Shuttle at a cost of $8.00, one way. The motel is easily reached as it is within 10-15 minutes from any of the 4 Philadelphia bridges. Motel reservations may be made by calling 609-235-7400.

We are issuing the sale in two parts. You should receive the mail-bid only section within the next 2-3 weeks. **NB: MAIL BIDS ON THE FLOOR SALE PORTION OF THIS AUCTION MUST BE RECEIVED NO LATER THAN MAY 17!**

1. Bid the highest amount you are willing to pay for the lot. Your bid will be reduced to a 10% advance over the second highest bid. There is no limit to the amount that we will reduce a bid.

2. Bids under $10.00 will not be reduced and bids will not be reduced to under $10.00.

3. In instances where there are duplicate lots, you may bid on an either/or basis and indicate a preference if you like.

4. Some lots are reserved. The auctioneer will execute such reserves by bidding for the consignor through its representatives.

5. All invoices will be shipped with lots enclosed and are payable within 7 days of receipt. Returns must be made within this period. We attempt to use strict numismatic standards in our grading and to note defects, which in our professional judgment, affect the value of the item. However, we do make mistakes and will accept return when we are in error. On the other hand, capricious returns will not be tolerated.

6. Postage and insurance will be added to all invoices and paid by the bidder. We ship most lots via UPS unless instructed differently. Bidders on the heavier medallic items who use post office boxes are urged to give us their street address for UPS delivery as their charges are often considerably less than the Postal Service.

AUCTION SUBSCRIPTIONS

If you will look at the computer address label you will note either a number, such as 36, or the letter "C" opposite your name. "36" means that your subscription to our sales expires with the publication of Auction #36 (this sale). If you note a "C", that indicates that your subscription is a complimentary one. These are given as a matter of courtesy to all dealers who request it. If you see neither a number nor the letter C, then this means that you have received a one-time only complimentary copy and that you will have to subscribe to receive future sales.

The George Hatie Collection

We are proud to offer the following selection of Hard Times and 19th Century Merchant Tokens primarily from the Collection of George Hatie. George's name is well-known to numismatists having served as President of both ANA and TAMS. The offering below reflects George's particular interest in the storecards of New York City. Many of the tokens of the 1845-60 period will be appearing at the auction for the first time in many years. We feel certain that the prices realized will mirror the true scarcity of these often underestimated tokens.

Hard Times Tokens

Attributions according to the Second Edition of Hard Times Tokens by Russell Rulau available from us for $4.95.

1. Low 8. Brown Unc. A nice even attractive color.
2. Low 39. Brown Unc. with some traces of red.
3. Low 98. Red and Brown Unc. MERCHANTS EXCHANGE.
4. Low 104. Nice Unc. with traces of red. R&W ROBINSON.
5. Low 107. Brown AU. HENRY ANDERSON.
6. **RARE THREE CENT TOKEN**

Low 117. VF. **FEUCHTWANGER'S COMPOSITION.** This is the most common of the Three Cent tokkens. A highly popular type piece which should command bids in the $500 range.

7. **RARE FEUCHTWANGER METAL STORECARD**

Low 128, NY 747. R.E. RUSSELL. Strongly struck VF/XF. Superior to the specimen in the Roper Sale which graded VF with obverse scratches and which brought $577.50.

8. Low 138, NY 812. A choice brown AU. SMITHS CLOCK ESTABLISHMENT. The rarity of this token is underrated. It was actually missing in the Roper Collection.
9. Low 151, NY 278 & NJ 6. An attractive F/VF with the legends just a bit weakly struck as usual. **W. GIBBS, AGRICULTURIST.**
10. Low 163, NJ 8. F. There is a bit of surface roughness on the obverse between 9:00-11:00. The OK of TOKEN on the reverse is very weak as usual. HOWELL WORKS GARDEN.
11. **RARE WASHINGTON STORECARD**

Low 201, NY 45, Baker 510. A choice brown AU. There is a tiny scratch between the B and O in BOWERY on the reverse. **ATWOOD'S RAILROAD HOTEL.** Missing in the Roper Collection.

12. Low 244, NY 219. XF/AU. DOREMUS, SUYDAM & NIXON. This was lot 149 in our Sale of 10/17/75.
13.

Low 230A, PA 83B. VF. Only a small amount of the gilding remains. **CATCH CLUB.** An extremely rare token about which little is known. Various writers have speculated that it might have been a cricket club, a purely social club or even a secret society. (See Token Collectors Pages, P. 53). Our guess is that it was a singing society. (A musical "catch" is a round). Please note that this piece is not c/s BOOTH on the reverse. Rulau has misinterpreted the Miller book and has erroneously described 230A and 231 as being counterstamped. Ex-Newport Collection #1298 (1975). Not in the Roper Sale.

14. Low 258, NY 849. VF/XF. SUYDAM & BOYD. Another attractive token not in the Roper Collection.

15. Low 262, NY 425. R6. F/VF. Shallow strike as usual. LEVERETT & THOMAS token not represented in the Roper Sale.
16. Low 387, NY 27. VF. L. ROBINSON, MANUFACTURER OF COMPOUND MAGNETS RIFLE TRIMMINGS AND GUNNERY, CHITTENANGO, N.Y. A seldom seen token that, again, is not represented in the Roper Collection.
17. Low 392, NY 943. R&B Unc. C.H. WEBB. A relatively common token but decidedly scarce in this condition.

19th Century Merchant Tokens

Attributions according to Rulau's U.S. Merchant Tokens 1845-1860, Rulau's United States Trade Tokens 1866-1889, Miller's U.S. Store Cards and Merchant Tokens and Slabaugh's American Centennial Tokens and Medals.

18. Ala. 28. AU. J.A. SYLVESTER & CO. The obverse of this interesting token shows a pair of clasped hands in the center symbolizing the compromise of sectional differences. (See Fauver, Exonumia Symbolism & Classification, pp. 184-86.)
19. ILL. 15. Prooflike Unc. C.N. HOLDEN & CO.
20. ILL. 16. Silvered Brass AU. C.N. HOLDEN & CO.
21. ILL. 40. AU. PETER STUMPS. One of the more popular merchant tokens with a fireman's hat in the center.
22. KY 7. R&B Unc. SANFORD DUNCAN.
23. KY 8. Lightly tranished Unc. Silvered copper. Another nice Sanford Duncan token.
24. KY 9. Unc. Same as the above two lots, but this one is a nice specimen in brass.
25.

KY 15A, Rulau Ky-Lo 11. XF/AU. **THE HOWE MACHINE CO.** "PROGRESS" refers to the extension of the Louisville & Nashville Railroad, an event which greatly aided the rebuilding of the area's industry following the Civil War.

26.

KY 20. Ky-Lo 17. Lightly tarnished Unc. **F.S. KIRTLAND.** The Louisville Industrial Exposition stock die also used on other Louisville cards of Howe Machine Co., Cook & Sloss, Preuser & Wellenvoss and J. W. Quest.

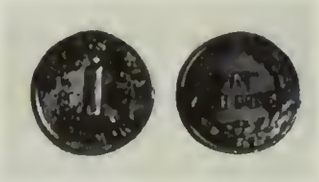
27.

KY 27, Ky-Lo 20. Unc. Some minor spotting. **PREUSER & WELLENVOSS.**

28. KY 36. Choice toned partly red Unc. S.T. SUIT. "SALT RIVER BOURBON" "FOR MEDICINAL USE ONLY" an injunction that was probably more honored in the breech than in the observance.
29.

LA 2. VF. A few nondistracting field marks. A tiny reverse edge dent. **ALBERT AND TRICOU.** An exceptionally scarce token, the rarity and value of which is greatly underestimated by Rulau.

30. LA 33. Mostly Red Unc. E. JACOBS DAGUERROTYPE ARTIST. A particularly nice display piece for the photography collector.
31. Rulau Me-Ba 22 but c/s on an 1861 1¢. Bold c/s. The cent grades G. C. A. STRANGE. C. A. and his father J. W. Strange had a brass foundry, die sinking and stencil making business in Bangor in the 1860-69 period. This is the first reported c/s on an Indian Cent.
32.



MD 124, Md-Ba 87. XF. **PRINGSHEIM.** "ONE WHITE" meant one beer. Moritz Pringsheim was a brewer of Berlin White Beer.

33. Low 403A, MD 128. XF. RANDALL & CO. Auction records on this token run as high as $1000. However it has proved to be not nearly as scarce as

previously thought. Still, it should realize in the $100-200 range.

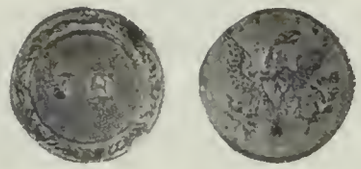
34. MA 89, Schenkman B49. XF/AU. Z. S. SAMPSON. "Good for one glass of Ice Cream Soda."
35. MO-Unlisted. Obverse is the same as MO 1, MoSL 2. Large A superimposed upon eagle and shield, 1880 below. Rx.: ROBT. W. SIMMS/SOLE/AGENT. Grass. Fine. A rare and heretofore unreported token.
36. MO 22. Choice AU. FITZGIBBON DAGUERROTYPE GALLERY. Another scarce photographic token.
37. Rulau Mo-Jo-6 but struck in nickel, Fuld Mo 880A-1c unlisted in this metal. VG/F. A few light old scratches on the reverse. Still a most presentable token. **JOHN KENMUIR, ST. JOSEPH, MO.** For years this token has been considered a Civil War token. However, recently Russ Rulau has established that it was not struck until the 1870s. Only 5 to 10 of the brass examples are known. This is the first report of one struck in nickel.
38. NJ-Unlisted by Miller and Rulau. Francis #3. **Silver.** Toned Unc. **WHITNEY GLASS WORKS.** Neither Miller nor Rulau have attempted to catalogue the many varieties of the demijohn die used on this token. Damia Francis in her listing of New Jersey tokens, 9 TAMS 110 (1969) identifies 5 distinct dies. #3 has no stars below the demijohn; J right side up; W below demijohn and no border of dots. We sold a silver specimen of Francis #2 in our 26th Sale (1979) where it realized $310.00.
39. NY 18, NY-Bk 51. VF. WILLIAMSBURGH BREWING CO. The liberty head die used here was also used on a number of other beer checks from the NYC area.
40. NY 20. VF/XF. J. O. LOEWE, BUFFALO, N.Y. Rulau repeats Miller error in listing the middle initial as C rather than O. The initial letter was reported correctly by Wright (#616), where he reports the token to be "Rare".
41. NY 30. Unc. JAMES CLARK.
42. NY 81. Mostly red Unc. J. M. BRADSTREET & SONS. This is the predecessor firm to Dun and Bradstreet. An exceptionally nice looking token from an important NYC firm.
43. NY 134, NY-NY 43. Unc. H. BROWN BRO. & CO.
44. NY 141. Brown Unc. ELEANOR RUGG BYRNE. Only 72 pieces reported struck in copper.
45. NY 147. Prooflike Unc. CARRINGTON & CO.
46. NY 150. Rainbow toned Unc. Tiny spot. CHESEBROUGH, STEARNS & CO.
47. NY 160 but copper. Choice Unc. with a small area of discoloration on the reverse. This is a muling of the obverse of James Clark token (Hudson, NY) with the reverse of the Loder card from NYC. It was first reported by Adams in white metal and assigned an R7 rarity by Fuld. This piece in copper has been unreported through the years.
48. NY 201, NY-NY 709, S-25-1. PL Unc. DEAN. A choice 1876 Centennial storecard with the popular Libertas Americana die.
49. NY 207 but "10" denomination. "C" to either side. VF. Some of the silvering is beginning to wear away. Holed as always. DELMONICO. A favorite NYC eating establishment known for its fine steaks.
50. NY 231, NY-NY 24. VF. GEO. EHRET.
51. NY 233, NY-NY 66. F. JOHN EICHLER. Another Liberty Head beer check as was the prior lot. **Scarce.**
52. NY 235, NY-NY 71. Nice Unc. FARMERS AND MECHANICS LIFE INSURANCE COMPANY.
53.

NY 254. BU. Small edge dig. FINCK'S HOTEL.

54. NY 266, NY-NY 86. PL Unc. Edge cuts at 4:00 and 8:00. FRANKLIN & CO.
55. NY 283 but WM, NY-NY 100. PL Unc. GLOBE FIRE INSURANCE COMPANY.
56. NY 286. XF. GOSLING'S RESTAURANT. A decidedly scarce token.
57. NY 287. Nice lustrous AU. GOULD'S SALOON.
58. NY-Unlisted by both Miller and Rulau, Slabaugh S-30 4. PL-Unc. WM. GREAT UNION PACIFIC TEA COMPANY. Rulau Obv. G/Rev. 7 numeral 18.
59. NY-Unlisted by both Miller and Rulau. S-30-8. WM Unc. GREAT UNION PACIFIC TEA CO. Rulau Obv. H, Rx. 7, numeral 20.
60. NY-Unlisted by both Miller and Rulau. S-30-1. GREAT UNION PACIFIC TEA CO. WM. Unc. Rulau Obv. A, Rx. 7, numeral 13.
61. NY-Unlisted by Miller and Rulau. S-30-3. WM Unc. GREAT UNION PACIFIC TEA CO. Rulau Obv. E, Rx. 7, numeral 15.
62. NY 342, NY-NY-740, S-32-1. PL Unc. T. HOAG. Another choice Centennial card.
63. NY 352, NY-NY 751, S-33-2. PL Unc. H. W. HOOPS.
64. **RARE SILVER STORECARD**

NY 356. **Silver** Unc. **Charles D. Horter.** The obverse depicts the building occupied on the first floor by Louis Rahm, a coppersmith, and on the second floor by Horter, a diesinker. Soon after, Horter became one of the most prolific issuers of Civil War Tokens. His dies usually reflected very strong pro-Union themes. A marvelous display piece.

65. NY 375, NY-NY-772, S-36-3. PL Unc. WILLIAM JENKINS.
66. NY 380. AU. JENNINGS, WHEELER & CO. An attractive Compromise Period token showing two clasped hands and the inscription JUSTICE AND FRATERNITY THE CONSTITUTION MUST BE MAINTAINED.
67. NY 384. Choice AU. JENNINGS, WHEELER & CO. Same as above, but plain edge.
68. NY 399. Nice XF. PROF. JOHNSON. This is a rare mule of the reverse of NY 396 with the reverse of a Kossuth game counter. See Token Collector's Pages p. 29 where Fuld terms it extremely rare.
69.



NY 406. XF. The enigmatic JE token. Obverse shows a displayed eagle with five stars above. Tiny edge clip.

70. Another of the same. This is also XF but is a bit dark. These are the only two JE tokens which we have ever seen. Undoubtedly quite rare.
71. NY 415B. VF. Moderate corrosion stains on obverse and reverse. Still quite attractive. **LADIES RESTAURANT AND ICE CREAM SALOON. Rare**—the first we have seen.
72. NY 421. R&B Unc. Small reverse spot above eagle. C. LEIGHTON.
73. NY 465. Brown Unc. LODER & CO.

84. NY 587. Red Unc. MOSS' HOTEL. Especially desirable in this choice condition.
85. NY 636 but brass, NY-NY-781 but Brass, S-42-2B. GEORGE F. PHELAN. Lightly tarnished Unc.
86. NY 641 but brass, NY-NY-791B, S-43-2B. Unc. W. PIMMEL.
87. NY 653. Choice Unc. LOUIS RAHM. The building shown on this card is the same as on NY 356, the card of Charles Horter.
88. NY 663. Strong VF/XF. RISLEY & MCCOLLUM'S HIPPODROME. A great pictorial token showing a circus artist standing on the backs of two running horses.

Presidential and Political

205. **Baker 131. SERIES NUMISMATICA—"WASINGTON" ERROR.** By the reknowned medalist, Vivier. Washington's name has been mispelled which accounts in great part for the popularity of this medal. This specimen is a nice chocolate brown Unc. The edge is impressed MONACHII.

At top, A BRYAN DOLLAR/ WORTH 53¢. At bottom, IN GOD WE TRUST/ FOR THE OTHER 47¢. Zerbe comments that this piece is considered one of the rarest of the series and was probably intended for badge or charm use. The Zerbe photo shows the piece holed and Zerbe says that the hole is "as issued". This specimen is unholed. A key piece for the Bryan specialist.

In a scroll below is the legend, PERSONAL ESCORT. At the bottom, PRINCETON UNIV.

This is a scarce marching badge used by the Princeton University delegation to the Inaugural. A marvelous association item with Wilson. **PLATE.**

228. 1913 WOODROW WILSON OFFICIAL INAUGURAL MEDAL. WW 1913-3. Bronze. Unc. A few very minor spots. Contained in the original green box of issue.

229. WOODROW WILSON "SAMPLE" INAUGURAL MEDAL. WW 1913-4. 70mm. Bronze. Unc. Before final approval was given by the committee for the 1913 medal, samples of it were given committee members for their examination. Each of these medals had the word SAMPLE incused slightly below the back of Wilson's neck on the obverse and to the right of THOMAS on the reverse. The medal is also distinctive in that it does not carry the Whitehead & Hoag imprint on the rim as do the regular bronze medals. MacNeil estimates that less than 12 of these medals were produced. This one is only the third that is known to us. Most desirable. Worth $400-500. **PLATE.**

230. 1917 WOODROW WILSON OFFICIAL INAUGURAL MEDAL. WW 1917-3. XF/AU with minor field marks. This is the so-called "finished" variety with the R. HARRIS & CO. edge mark. The patina is a dark brown as contrasted with the almost orangish color of unfinished specimens. A rare medal, MacNeil estimates that not more than 300 of these were struck. **PLATE.**

231. 1933 ROOSEVELT OFFICIAL INAUGURAL MEDAL. FDR 1933-3. 70mm. Bronze. Unc. A few very minor spots. Paul Manship's outstanding high relief portrait of FDR dominates this large medal. A favorite among inaugural medal collectors. **PLATE.**

232. 1937 ROOSEVELT OFFICIAL INAUGURAL MEDAL. FDR 1937-3. 76mm. Bronze. Unc. The patina is beginning to darken just a bit. Only 1,006 of these medals were struck—the lowest of any of the four FDR issues.

233. 1941 ROOSEVELT OFFICIAL INAUGURAL MEDAL. Type I. FDR 1941-3. 42mm. Bronze. AU. There were two strikings of the 1941 medal. The first striking of 1000 medals was quickly sold out. When the committee decided to strike an additional 2000 medals they decreed that these medals should have a small "2" slightly above the wreath of the reverse. **PLATE.**

234. 1945 ROOSEVELT OFFICIAL INAUGURAL MEDAL. FDR 1945-3. 45mm. Bronze. Unc. In cardboard box of original issue. By far the least expensive of the FDR medals and often the first "early" medal to be obtained by collectors after they have acquired the modern high-mintage pieces. **PLATE.**

235. 1953 EISENHOWER OFFICIAL INAUGURAL MEDAL. DDE 1953-3. 70mm. Silver. Serial #289. XF/AU. One of only 788 silver medals struck.

236. **1961 KENNEDY OFFICIAL INAUGURAL MEDAL.** JFK 1961-2. Silver. Unc. **PLATE.**

237.

NIXON GOLD INAUGURAL CHARM—ONE OF FIVE STRUCK. RMN 1969-11. 29mm. 14k gold. Unc. Beginning with the 1953 Inauguration, it was the practice of the Medals Committee to have struck very small numbers of reduced size inaugural medals for presentation to the President's wife

and to the wives of other committee officials. Only five of these 29mm. 14k gold medals were struck and this may well be the only one that will appear on the market for the foreseeable future.

The remaining four examples can be accounted for as follows: (1) Collection of Hon. Gilbert Hahn, Jr.; (2) Collection of David Dreyfuss; (3) D. C. Crain Collection of the George Washington University; and (4) the last specimen presumably is in the possession of Mrs. Richard M. Nixon.

Very few of these small medals appear on the market. Our most recent experience with one was earlier this year when we sold a 21mm. 1953 Eisenhower specimen (18 struck) in VF/XF condition for $5200.00. The present medal is surely in that price range and quite possibly will go much higher. A singular opportunity for the Nixon or inaugural specialist.

238. **OBVERSE PROCESS SET OF THE GERALD R. FORD OFFICIAL VICE PRESIDENTIAL INAUGURAL MEDALS.** There were eight separate steps in the manufacture of the Ford medals starting with the blank planchet and ending with the finished medal. A process set contains a uniface example of the medal in each of the eight stages. These have been attractively affixed to a walnut board and it makes a spectular hanging display. Less than 25 of these sets were produced and sold to favored MACO customers. Should bring about $200.00.

239. **OBVERSE PROCESS SET OF THE NELSON ROCKEFELLER OFFICIAL VICE PRESIDENTIAL INAUGURAL MEDAL.** Similar to the last lot—eight uniface impressions mounted on a walnut board. Less than 25 sets of these medals sold.

240. **OBVERSE PROCESS SET OF THE GERALD R. FORD OFFICIAL PRESIDENTIAL INAUGURAL MEDAL.** Yet another walnut mounted set of the various stages that the Ford Presidential medal went through. Another limited production run of less than 25 sets for favored MACO customers.

241. **OBVERSE PROCESS SET OF THE RONALD REAGAN OFFICIAL INAUGURAL MEDAL.** Also mounted on a walnut board. A half-hearted attempt was made to sell these sets to the general public. A small plaque below the medals reads, 1981/PRESIDENTIAL INAUGURAL/PROCESS SET #44 OF 125. It is our understanding that although the edition limit was set at 125 sets, no more than 50 of the sets were actually produced.

242. **1941 ROOSEVELT OFFICIAL INAUGURAL POLICE BADGE.** OIPB-2. #843. Unc. **PLATE.**

243. **1949 TRUMAN OFFICIAL INAUGURAL POLICE BADGE.** OIPB-3. #13. Unc. **PLATE.**

244. **1981 REAGAN OFFICIAL INAUGURAL POLICE BADGE.** U.S. SECRET SERVICE UNIFORMED DIVISION. OIPB-15. Unc. Rx. control #426. Low mintage of about 700 badges. **Plate.**

245. **1981 REAGAN OFFICIAL INAUGURAL POLICE BADGE** — FEDERAL PROTECTIVE SERVICE. Rx. control #651. Unc. Another low mintage badge. **PLATE.**

330. **RARE FRANKLIN MEDAL.** Betts #547, Fuld FR.M. NL.6. Bronze VG/F. The central devices of the bust of Franklin wearing a stocking cap and the tree on the reverse show up quite nicely. The lettering is, however, a bit weak, especially at 12:00. Although the edges are a bit rough (consistent with the grade of this medal), the overall appearance is rather nice. This is an exceptionally rare medal. It brought $11.00 in the 1882 Bushnell Sale. I do not recall having seen one for sale or at auction for at least the past 20 years. **PLATE.**

331. **RARE SILVER DEWEY MEDAL.**

44mm. Sterling silver. Unc. Struck by Gorham & Co. and contained in the original leather case of issue. A handsome military portrait of Admiral Dewey graces this rare medal. This is the first example we have ever seen. It is certain to be a centerpiece in any advanced Dewey Collection.

332. **RARE MASONIC MARK MASTERS MEDAL.** Irregularly shaped planchet. 56x72mm. at its extremities. Hand engraved silver. XF. The design is a rather standard one utilizing a number of common masonic symbols. The obverse is engraved with the name of the owner, WILLIAM STRULTERS, and his chapter, SPRINGVILLE CHAPTER #118. The engraved horse is unusual and was the symbol chosen by Strulters to be a symbolic mark representing himself. It possibly, denotes something to do with his profession such as a blacksmith or horse breeder. Springville is possibly Springville, NY, a small community in Western, NY of about 3000 population. There is still a Chapter of RAM there, not Mark Master Masons, using the number of 275. This present chapter is possibly related to the #118 chapter.

The reverse is filled with various symbols, including the Masonic Arch, square, compass, star, coffin, shovel, eminating rays, hourglass, etc.

This piece falls into the class of Masonic medals called a "membership badge". This particular piece falls within a subdivision classified as "Mark Master Medals". Some of these pieces were pocket pieces. Most were worn or suspended from the lapel of the coat while attending ones own lodge or while attending a sister lodge. This piece appears to be designed to be worn around the neck and, as such, is rather unusual. The medal is probably circa 1800 as this is the era assigned to "Mark Lodges" by most masonic writers. This is a superbly engraved medal and worthy of consideration by

even the most sophisticated collector of masonic or hand engraved medals. **PLATE.**
